Dear Holiday Bazaar Vendors,

Due to the Covid-19 government regulations, we are unable to determine if it will be feasible to have the Holiday Bazaar at the La Center High School in December of this year. All planning activities are currently suspended until September. We will email you as soon as we learn more about the government requirements for large gatherings. We know that many of you work all year long to sell items at this event, and we will notify you as soon as we have more information. Hopefully this letter finds you in good health, and we wish you a wonderful summer in the Pacific Northwest.

Best Regards,

The La Center Music Association
